

# ANIKET VISHAL

## FULL STACK DEVELOPER

6+ Years of Experience in in technologies like Flutter | Clean Arch. | Android | Next.js(React.js) | Spring-Boot | Firebase

## WORK EXPERIENCE

### Senior Flutter Engineer

April 2022 - Present: Binaryveda, Mumbai

I have worked on Credit Card Management System projects for Union Bank of India and Punjab National Bank. Contributed to the development of a Stock Market Recommendation app which received 100K+ downloads in a short period of time. Currently, my focus is on developing an Online Physiotherapy App for Sports Individuals.

### Lead Flutter Developer

Jan 2021 - March 2022: The Graphe, Kolkata

As a Lead Flutter Developer, I have gained extensive experience working on diverse projects for both Indian and international clients. My previous undertakings include developing an Online Doctor Consultation platform for a Qatar-based client, a Truck Booking application similar to Uber, an E-commerce application, and a Wedding Management application.

### Full Stack Developer

Aug - 2019 - Aug 2020: Thinking Stack, Bengaluru

I held the position of Full Stack Developer for an in-house project, primarily focusing on Angular for the front-end with some exploration of Spring-Boot.

### Freelance Android Developer

2017 - Aug 2019: Kolkata

Worked on multiple Native Android Projects and published them on Google Play Store. Helped some clients with their projects. Also got selected for Smart India Hackathon's Grand Finale for two consecutive years (2018 & 2019).
